HT-825b

Magnetic Bluetooth Wireless

iToudai Beacon

NEW

/ Feature

- 30% more battery life, more durable, more power-saving! The Bluetooth signal is more stable!

- Scheduled timer for daily operating time . (Power saving)

- Encrypted signal. High security and privacy . (Optional)

- Built-in powerful magnet can be adhered to the metal surface, which is convenient for the detector to be fixed.

- Designed and manufactured in Taiwan. Quality assurance.
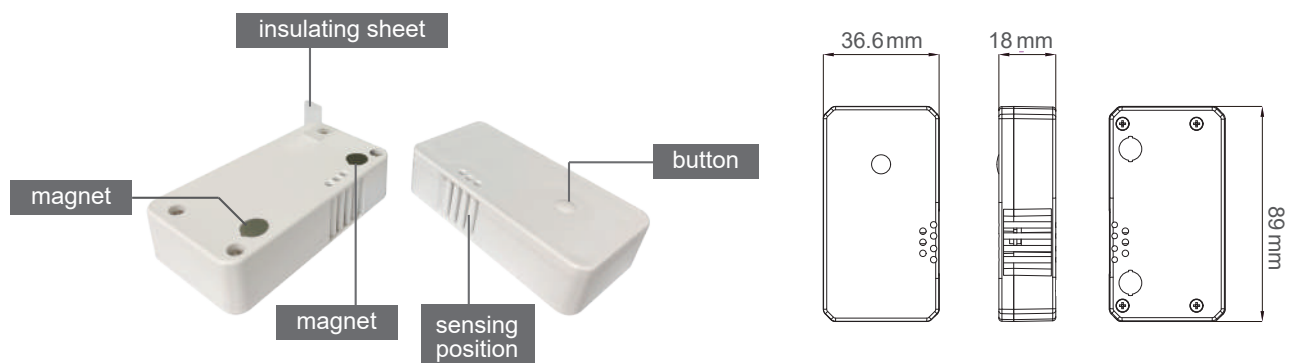

/ Application

Ideal for use in clean room manufacturing, semiconductor industry, biotechnology industry, hospital and pharmaceutical storage environments, greenhouse plant cultivation environments, computer server rooms, warehouse logistics management, convenience store retailers ... and more.

Specification

| Item model	Beacon Type HT-825b
Size and weight	67 x 37 x 18mm / 40g
BLE bluetooth version	BLE4.1 Low Energy
Bluetooth maximum output power	5dBm
Bluetooth sensitivity	-97dBm
Bluetooth antenna	pcb antenna
Bluetooth technology	2,402-2,480 MHz
Working power supply voltage	2.3~3.0V
Battery supply	AAA x 2pcs (Alkaline Battery)
Format switching options	iToudai / iBeacon
Other main functions	SOS Button (Optional)
Operating temperature	0℃~60℃
Storage temperature	-25℃~65℃

APP Setting Tool / iToudai Tool-825

| Enter Password ➜ Access Settings Mode |

Assist engineers/management personnel in adjusting Beacon identification codes, signal strength, and transmission frequencies.

Basic Functions

1) Interpretation of Beacon signal strength and distance.
2) Reading of Beacon battery level.
3) Signal reception filter, allowing control over which Beacon signals to receive.
4) Cloud data transmission and reception.
5) Direct configuration of Beacon UID, Major, Minor.
6) Setting of signal interval time and power strength.
7) Display and alert for Beacon battery status.
8) Scheduling of timed events and switch settings.
9) Setting of vibration wake-up time and switch.
